Including dividend, Avg returns are 727% from MDL.

As defense sector roared, MDL also has fired through all the cylinders. Be it Revenue, PAT, EBITDA, OPM or PBT.

Sector is in Euphoria. Although we are bullish on India's zeal to make india independent in Defense. Investing is not only about that. We have to take risk and reward into consideration before making a decision.

Also we have to make room for new opportunities so we have to concentrate our existing portfolio.

We are booking 727% (8.3X) profit in this company.
